PROFILE

Motivated B.Tech Cyber Security student with a focused interest in modern Frontend Development. Skilled in core web foundations, interactive UI architectures, and engineering clean, user-friendly client-side applications. Passionate about bridging secure backend mechanics with intuitive layouts, utilizing rapid AI-assisted workflows and agile development practices to build efficient, scalable web environments.

TECHNICAL SKILLS

Web Dev & Design:	React, HTML5, CSS3, JavaScript (ES6+), Responsive Web Design
AI-Assisted Dev:	React Vibe Coding, Prompt Engineering (Gemini, ChatGPT, Claude)
Core Programming:	Python, Java, C++
Computer Science:	Database Management Systems (DBMS), Data Structures & Algorithms (DSA)

PROJECTS

Personal Portfolio Website	React, HTML, CSS, JavaScript
▪ Designed and developed a professional, responsive single-page portfolio showcasing dynamic modular components and personal software projects. Implemented modern animations and highly adaptive layout mechanics for diverse device viewports.	
Personal Expense Tracker	JavaScript, Local Storage, CSS
▪ Engineered a functional financial dashboard application utilizing JavaScript for reactive state management operations. Integrated browser Local Storage mechanisms to ensure structural data caching and cross-session user persistence.	
Secure Password Generator	JavaScript (API), CSS
▪ Built an interactive client security configuration tool that systematically generates customized, randomized cryptographic strings matching real-time user-selected complexity criteria and baseline slider constraints.	
Real-Time Weather Application	Fetch API, JavaScript
▪ Developed an asynchronous client-side web application leveraging a multi-stage public API pipeline to resolve arbitrary location strings into geocoding parameters, rendering accurate localized metrics dynamically on screen.	

EDUCATION

B.Tech Computer Science and Engineering (Specialization in Cyber Security)	2024 – 2028
Teerthanker Mahaveer University	
Last Semester SGPA: 8.45	

Senior Secondary (Class XII) <i>Academic Board Examination</i> Aggregate Performance: 90.2%	Completed
Higher Secondary (Class X) <i>Academic Board Examination</i> Aggregate Performance: 88.4%	Completed

STRENGTHS

- Problem Solving •
- Quick Learning •
- Team Collaboration •
- Technical Communication
